

## **Declaration of impartiality and confidentiality commitment**

Shenzhen Beice New Energy Technology Co., Ltd. (hereinafter referred to as the institution or the company) is a third-party inspection and testing institution registered and established in accordance with the law, with independent legal personality. In the process of implementing inspection and testing activities, our institution strictly abides by the relevant provisions of our company's commitment to fairness, independence, and confidentiality, maintains the independence of our institution, guarantees the fairness of the inspection and testing process and its results, and keeps confidential all information obtained or generated during the inspection and testing activities, in order to continuously meet the "Management Measures for Qualification Recognition of Inspection and Testing Institutions" (Order No. 163 of the General Administration of Quality Supervision, Inspection and Testing), "Supervision and Administration Measures for Inspection and Testing Institutions" (Order No. 39 of the State Administration for Market Regulation), and "Management Measures for Appraisal Institutions of Cargo Air Transport Conditions" ISO/IEC 17025、ISO/IEC 17020、We assume social responsibility in accordance with the requirements of relevant national laws and regulations, as well as the accreditation rules, guidelines, documents, and application instructions of various laboratories and inspection institutions, such as the "Criteria for Accreditation and Review of Qualification of Inspection and Testing Institutions" (Announcement No. 21 of 2023 of the Municipal Supervision Administration), RB/T 214 "General Requirements for Accreditation and Capability Evaluation of Inspection and Testing Institutions", IECEE CB Scheme related accreditation rules, documents, etc. Hereby, this institution solemnly declares and promises:

1. The various inspection and testing activities carried out by this institution strictly comply with the provisions of national laws and regulations, implement relevant national policies, and fully comply with the requirements of contracts, standards, methods, and regulations. Not subject to any interference or influence from commercial, financial, administrative, or other interests, ensuring the accuracy and reliability of inspection and testing results, and assuming corresponding administrative or legal responsibilities for each certificate/report, achieving fairness, objectivity, independence, integrity, accuracy, reliability, confidentiality, and efficiency.

2. Our organization maintains a fair and scientific attitude towards all entrusted inspections and testing. Inspection and testing personnel independently carry out inspection and testing work without any interference from administrative, financial, or economic interests. Our company leaders do not interfere with inspection and testing work and are responsible for maintaining the fairness of inspection and testing work.

3. Our company complies with relevant national laws and regulations, follows the principles of fairness, objectivity, independence, and honesty, abides by professional ethics, and assumes social responsibility. We promise to carry out inspection and testing activities fairly, objectively, and independently, ensuring that they do not interfere with each other and do not impose any pressure or influence that may harm their fairness and independence, including commercial, financial, or other pressures from both internal and external sources. We are responsible for the fairness and independence of inspection and testing activities.

4. Our company personnel are not allowed to seek personal gain or engage in any activities that harm the fair image of our company through work.

5. This institution shall properly safeguard and keep confidential all information obtained or generated during inspection and testing activities, including but not limited to various documents, records, materials, inspection and testing results, data, and other national secrets, trade secrets, technical secrets, and customer secrets of the commissioning party, and shall assume management responsibilities, except as required by national laws and regulations.

6. This institution does not employ personnel prohibited by national laws and regulations from engaging in inspection and testing work.

The above statement of our company promises to accept supervision from all sectors of society.
